

Company Profile

Boston-based Liberty Mutual Holding Company Inc., the parent corporation of the Liberty Mutual Insurance group of entities (the “Company” or “LMHC”), is a diversified global insurer and third largest property and casualty insurer in the U.S. based on 2017 direct written premium. The Company also ranks 75th on the Fortune 100 list of largest corporations in the U.S. based on 2016 revenue. LMHC, through its subsidiaries and affiliated companies, offers a wide range of property and casualty insurance products and services to individuals and businesses alike. LMHC employs more than 50,000 people in over 800 offices throughout the world.

Functionally, the Company conducts substantially all of its business through two business units: Global Retail Markets, and Global Risk Solutions, with each operating independently of the other in certain areas such as sales, underwriting, and claims, but, as appropriate, collaborating in other areas such as actuarial and financial. Management believes this structure provides increased synergy to the Company and permits each business unit to execute its business strategy and/or to make acquisitions without impacting or disrupting the operations of the other business unit.
