### (1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### **Basis of Presentation**

The accompanying consolidated financial statements include the accounts of Liberty Mutual Holding Company Inc. and its subsidiaries (collectively "LMHC" or the "Company"). All material intercompany transactions and balances have been eliminated.

The accompanying consolidated financial statements have been prepared in conformity with accounting principles generally accepted in the United States ("GAAP"). The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. The Company's principal estimates include (1) unpaid losses and loss expense reserves, including asbestos and environmental reserves, (2) allowance for uncollectible reinsurance and policyholder receivables, (3) other than temporary impairments to the fair value of the investment portfolio, (4) deferred acquisition costs, (5) the valuation of goodwill, and (6) the deferred tax valuation allowance. While management believes that the amounts included in the consolidated financial statements reflect their best estimates and assumptions, these amounts could ultimately be materially different from the amounts currently provided for in the consolidated financial statements.

#### Significant Accounting Policies

See Note 1 of the Notes to Consolidated Financial Statements included in the Company's 2004 Annual Report for a description of significant accounting policies.

#### Accumulated Other Comprehensive Income

Other comprehensive income consists of foreign currency translation adjustments, minimum pension liability and unrealized gains and losses on certain investments in debt and equity securities.

The components of accumulated other comprehensive income, net of related deferred acquisition costs and taxes, are as follows:

	March 31, 2005	December 31, 2004
Unrealized gains on securities	\$806	\$1,167
Foreign currency translation		
adjustments	104	117
Minimum pension liability	(26)	(26)
Accumulated other comprehensive		
income	\$884	\$1,258

#### (2) DIVESTITURES AND DISCONTINUED OPERATIONS

### Divestitures

On April 1, 2004, the Company completed the sale of its Canadian personal lines business, consisting of private passenger automobile, homeowners and personal property insurance, to Meloche Monnex, Inc., a member of TD Bank Financial Group ("Meloche Monnex"). The transaction resulted in the transfer of approximately 350,000 automobile and homeowners insurance policies and approximately \$300 (C\$390) in direct written premiums to Meloche Monnex. The operations were a net gain of \$2 for the three months ended March 31, 2004. Neither party has disclosed the financial terms of the transaction, which the Company believes is not material to its business, financial condition or results of operations.

#### **Discontinued Operations**

In December 2004, the Company's management approved a plan to sell the pension externalization business of Seguros Genesis S.A operations. In 2005 and 2004, the results and cash flows have been accounted for as discontinued operations. In the first quarter of 2005 a majority of the net assets were transferred to the buyer. The residual balances remaining require the Spanish Insurance Authorities (DGS) approval. The Company expects to receive the approval of the DGS by the end of the second quarter 2005. The operations were a net loss of \$9 for the three months ended March 31, 2005.

### (3) ACQUISITIONS AND GOODWILL

Effective January 9, 2004, the Company acquired MetLife's Spanish operations, including its non-life subsidiary, Genesis Seguros Generales, S.A., and its life subsidiary, Seguros Genesis, S.A (collectively referred to as "Genesis"). The transaction resulted in goodwill of \$74.

Effective August 19, 2004, the Company acquired the insurance operations of AGF Allianz Chile S.A., resulting in goodwill of \$13. The Company is in the process of finalizing the evaluation of the fair value of the acquired business. Therefore, the allocation of the purchase price is subject to refinement.

### (4) REINSURANCE

The Company is party to retroactive reinsurance arrangements where a significant portion of the consideration was retained on a "funds held" basis and interest is credited on the balance at a weighted average rate of approximately 7.7% annually. These contracts resulted in deferred gains (including experience related profit accruals of \$195 million as of March 31, 2005 and December 31, 2004) that are amortized into income using the effective interest method over the estimated settlement periods. At March 31, 2005 and December 31, 2004, the deferred gains related to these retroactive reinsurance arrangements were \$961 million and \$973 million, respectively, and are included in other liabilities within the consolidated balance sheets. Interest credited to the funds held balances for the three months ended March 31, 2005 and 2004 was \$24 million and \$22 million, respectively. Amortization of deferred gain was \$12 million and \$11 million for the three months ended March 31, 2005 and 2004, respectively. Reinsurance recoverables related to these transactions including experience related profit accruals were \$2.209 billion and \$2.219 billion as of March 31, 2005 and December 31, 2005 and December 31, 2005 and December 31, 2005 and 2004, respectively.

### (7) COMMITMENTS AND CONTINGENT LIABILITIES

Various lawsuits against the Company have arisen in the normal course of business. Contingent liabilities arising from litigation, income taxes and other matters are not considered material in relation to the financial position of the Company.

The Company has been in various insurance coverage disputes with Armstrong World Industries ("Armstrong") for over twenty years relating to asbestos liabilities and insurance covering the period 1973 to 1981. The Company prevailed in a favorable arbitration ruling before an appellate panel regarding Armstrong's insurance coverage in July 2003. Armstrong filed a Chapter 11 Bankruptcy petition in the United States Bankruptcy Court for the District of Delaware in December 2000 and is still operating under the protection of Chapter 11. A declaratory judgment action, filed by Armstrong in 2002, is pending in the United States District Court for the Eastern District of Pennsylvania seeking coverage for asbestos claims under insurance policies issued to Armstrong during the period of 1973 to 1981, including, but not limited to, damages and a declaration regarding the availability, applicability and scope of alleged non-product coverage not subject to the aggregate limits of the policies. Armstrong contends that a significant portion of its asbestos liability arises from operations that would entitle Armstrong to insurance coverage under the disputed policies without regard to the aggregate limit of liability. The Pennsylvania action is currently in the initial pleading stages and inactive. In February 2004 Armstrong filed, in the same Pennsylvania District Court, a Motion to Vacate the appellate arbitration award that was favorable to the Company. The Company intends to vigorously defend its position. Management believes that the ultimate liability, if any, to Armstrong will not be resolved for at least one year and very likely may not be known for several years. In the opinion of management, the outcome of these pending matters is difficult to predict and in the event of an adverse outcome, could have a material adverse effect on the Company's results of operations, financial condition and liquidity.
