Note 1- Summary of Significant Accounting Policies

A. Accounting Practices

Effective January 1, 2001, and subject to any deviations prescribed or permitted by the State of New Hampshire, the accompanying financial statements of Excelsior Insurance Company (the "Company") have been prepared in conformity with the National Association of Insurance Commissioners ("NAIC") *Accounting Practices and Procedures Manual* ("APP Manual").

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues, and expenses. It also requires estimates in the disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

C. Accounting Policies

Premiums are earned over the terms of the related policies and reinsurance contracts. Unearned premium reserves are established to cover the unexpired portion of premiums written. Such reserves are computed by pro-rata methods for direct business and are based on reports received from ceding companies for reinsurance assumed. Expenses incurred in connection with acquiring new insurance business, including acquisition costs such as sales commissions, are charged to operations as incurred. Expenses incurred are reduced for ceding allowances received or receivable.

In addition, the Company uses the following accounting policies:

- Investment grade short-term investments are carried at cost adjusted where appropriate for amortization of premium or discount, or market as specified by the Purposes and Procedures Manual of the NAIC Securities Valuation Office (SVO Manual).
- Investment grade bonds are carried at cost adjusted where appropriate for amortization of premium or discount, or market as specified by the SVO Manual.
- 3. The Company does not own common stocks.
- 4. The Company does not own preferred stocks.
- 5. The Company does not own mortgage loans.
- 6. Mortgage-backed/asset backed securities are stated at amortized value. Prepayment assumptions for single class mortgage-backed/asset backed securities and multi-class securities were obtained from internal estimates. These assumptions are consistent with the current interest rate and economic environment. The retrospective adjustment method is used to value all single class mortgage-backed/asset-backed securities and multi-class securities. Non-investment grade mortgage-backed/asset backed securities are stated at the lower of amortized value or fair value.
- 7. The Company has no subsidiary investments.
- 8. The Company has no investments in joint ventures, partnerships or limited liability companies.
- 9. The Company has no derivative instruments.
- 10. The Company anticipates investment income as a factor in the premium deficiency calculation, in accordance with SSAP No. 53, *Property-Casualty Contracts Premiums*.
- 11. Unpaid losses and loss adjustment expenses include an amount determined from individual case estimates and loss reports and an amount, based on past experience, for losses incurred but not reported. Such liabilities are necessarily based on assumptions and estimates, and while management believes the amount is adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liability are continually reviewed and follow current standards of practice. Any adjustments to the liability are reflected in the period that they are determined.
- 12. The Company did not change its capitalization policy in 2004.

Note 2- Accounting Changes and Correction of Errors

- A. There were no material changes in accounting principles or corrections of errors during the year.
- B. The Company prepares its statutory financial statements in conformity with accounting practices prescribed or permitted by the State of New Hampshire. Effective January 1, 2001, the New Hampshire Department of Insurance required that insurance companies domiciled in New Hampshire prepare their statutory-basis financial statements in accordance with the NAIC APP Manual, effective January 1, 2001, subject to any deviations prescribed or permitted by the New Hampshire Insurance Commissioner.

Note 3- Business Combinations and Goodwill

A. Statutory Purchase Method

The Company did not enter into any statutory purchases during the year.

B. Statutory Mergers

The Company did not enter into any statutory mergers during the year.

C. Impairment Loss

Not applicable

Note 4- Discontinued Operations

The Company has no discontinued operations to report.

Note 5- Investments

A. Mortgage Loans, including Mezzanine Real Estate Loans

The Company does not hold any mortgage loans as investments.

B. Troubled Debt Restructuring for Creditors

Not applicable

C. Reverse Mortgages

The Company has no reverse mortgages.

D. Loan-Backed Securities

- 1. The Company has elected to use the book value as of January 1, 1994 as the cost for applying the retrospective adjustment method to securities purchased prior to that date, where historical cash flows are not readily available.
- 2. Prepayment assumptions for single class and multi-class mortgages-backed/asset-backed securities were based upon 1-month historical constant prepayment rates.
- 3. The Company used IDSI, Bloomberg, and Lehman Index data in determining the market value of the vast majority of its loan-backed securities. A small number of securities are priced in other ways, such as contacting brokers.
- 4. The Company had no negative yield situations requiring a change from the retrospective to prospective method.

E. Repurchase Agreements

The Company did not enter into any repurchase agreements during the year.

F. Real Estate

The Company does not own real estate.

Note 6- Joint Ventures, Partnerships & Limited Liability Companies

- A. The Company has no investments in joint ventures, partnerships, or limited liability companies.
- B. Impairments on joint ventures, partnerships, and limited liability companies.

Not Applicable

Note 7- Investment Income

A. Accrued Investment Income

All investment income due and accrued over 90 days past due is excluded from Surplus.

B. Amounts Nonadmitted

No amounts were excluded as of December 31, 2004.

Note 8- Derivative Instruments

The Company was not a party to any derivative financial instruments during the year.

Note 9 - Income Taxes

A. The components of the net deferred tax assets and liabilities recognized in the Company's Assets, Liabilities, Surplus and Other Funds are as follows:

	December 31, 2004	December 31, 2003	Change
Total of gross deferred tax assets	736,638	811,333	(74,695)
Total of deferred tax liabilities	(206,638)	(3,643,955)	3,437,317
Net deferred tax asset	530,000	(2,832,622)	3,362,622
Net deferred tax asset non-admitted	(527,550)	0	(527,550)
Net admitted deferred tax asset	2,450	(2,832,622)	2,835,072

- B. The Company does not have any deferred tax liabilities described in SSAP No. 10, Income Taxes, paragraph 6d.
- C. The provisions for incurred taxes on earnings for the years ended December 31 are:

	2004	2003
Federal	1,728,212	662,055
Net operating loss benefit	(1,470,000)	(1,034,828)
Foreign	0	0
Federal and foreign income tax incurred	258,212	(372,773)

The Company's deferred tax assets and liabilities result primarily from investment impairments, deferred intercompany gain on securities, alternative minimum tax credit carryforwards, and statutory non-admitted assets.

- D. Effective tax rates differ from the current statutory rate of 35% principally due to the effects of goodwill, revisions to prior year estimates, and changes in deferred taxes related to statutory non-admitted assets.
- E. The amount of Federal income taxes incurred and available for recoupment in the event of future losses is \$1,364,597 from the current year and none from the preceding year.

The Company has no net loss carryforward available to offset future net income subject to Federal income taxes.
