

# Liberty Mutual Insurance Supplier Code of Conduct

## Introduction

**At Liberty Mutual Insurance, our purpose is to help people embrace today and confidently pursue tomorrow.** We prioritize doing business with integrity above all else, and this commitment is embodied in the policies and practical guidance of our Code of Business Ethics & Conduct. As the foundation for how we conduct our business, the Code of Business Ethics & Conduct puts our Values into practice and guides our behavior. All Liberty employees, officers and directors are responsible for knowing and following its guidelines – whenever and wherever in the world we do business or act on behalf of Liberty.

**Similarly, we've created a Supplier Code of Conduct to reinforce our Values and share expectations of our Suppliers, as well as their Suppliers.** We define "Suppliers" as contractors, consultants, agencies, vendors and any third parties that are acting on Liberty Mutual Insurance's behalf. You are responsible for ensuring that your directors, officers, employees, representatives, Suppliers, and business partners understand and comply with the expectations set forth in this Code. All are held to the same expectations of doing business with integrity above all else.

Our core Values include putting people first and acting responsibly. We expect our Suppliers to demonstrate their commitment to ethical, humane, socially responsible and legally compliant business practices by:

- Engaging with integrity in ethical business practices regardless of the country where they are doing business
- Avoiding actions that would improperly influence our employees' objectivity and decisions or would exert improper influence over third parties
- Complying with all applicable fair trade, antitrust, competition, anti-corruption, anti-bribery laws including but not limited to the US Foreign Corrupt Practices Act and the UK Bribery Act

Reporting legal violations or violations of this Code to Liberty Mutual Insurance and cooperating in any investigation as requested by Liberty.

**We expect our Suppliers to adhere to the standards set forth in this Code.** Suppliers may be asked to affirm compliance with this Code. Upon request, we expect our Suppliers to provide evidence of compliance. Additionally, we expect our Suppliers to support and respond to inquiries from us about corporate actions pertaining to supplier diversity and environmental stewardship.

Liberty Mutual Insurance reserves the right to assess its Suppliers' compliance with this Code and address any opportunities. Those who do not demonstrate alignment to these expectations may jeopardize their future relationship with Liberty Mutual.

If there is a conflict between the terms of a Supplier's contract and the Liberty Mutual Insurance Supplier Code of Conduct, the contract terms will prevail.
