

Replacement Capital Covenant, dated as of March 7, 2007 (this “*Replacement Capital Covenant*”), by Liberty Mutual Group Inc., a Massachusetts stock holding company (together with its successors and assigns, the “*Corporation*”), in favor of and for the benefit of each Covered Debtholder (as defined below).

Recitals

A. On the date hereof, the Corporation is issuing \$700,000,000 aggregate principal amount of its Series A Junior Subordinated Notes (the “*Series A Notes*”) and \$300,000,000 aggregate principal amount of its Series B Junior Subordinated Notes (the “*Series B Notes*”) and, together with the Series A Notes, the “*Notes*” and each a “*Series*”), irrevocably and unconditionally guaranteed on an unsecured junior subordinated basis by each of Liberty Mutual Holding Company Inc. and LMHC Massachusetts Holdings Inc. (each, and each successor guarantor of the Notes, a “*Guarantor*”); *provided* that each such entity shall be a “*Guarantor*” for the purpose of this Replacement Capital Covenant only as long as its guarantee of the Notes remains in place.

B. This Replacement Capital Covenant is the “*Replacement Capital Covenant*” referred to in the Offering Memorandum, dated February 28, 2007, relating to the Notes (the “*Offering Memorandum*”).

C. The Corporation is entering into and disclosing the content of this Replacement Capital Covenant in the manner provided below with the intent that the covenants provided for in this Replacement Capital Covenant be enforceable by each Covered Debtholder and that the Corporation be estopped from disregarding the covenants in this Replacement Capital Covenant, in each case to the fullest extent permitted by applicable law.

D. The Corporation acknowledges that reliance by each Covered Debtholder upon the covenants in this Replacement Capital Covenant is reasonable and foreseeable by the Corporation and that, were the Corporation to disregard its covenants in this Replacement Capital Covenant, each Covered Debtholder would have sustained an injury as a result of its reliance on such covenants.

NOW, THEREFORE, the Corporation hereby covenants and agrees as follows in favor of and for the benefit of each Covered Debtholder.

SECTION 1. *Definitions*. Capitalized terms used in this Replacement Capital Covenant (including the Recitals) have the meanings set forth in Schedule I hereto.

SECTION 2. *Limitations on Redemption, Repayment, Defeasance and Purchase of Notes*. The Corporation hereby promises and covenants to and for the benefit of each Covered Debtholder that the Corporation shall not repay, redeem, defease or purchase all or any part of either Series on or before the RCC Termination Date for such Series unless the principal amount repaid or defeased or the applicable redemption or purchase price does not exceed the sum of the following amounts raised during the applicable Measurement Period:

(i) the Applicable Percentage of (a) the aggregate amount of net cash proceeds received by the Corporation and its Affiliates from the sale of Common Stock and Warrants (including Common Stock and Warrants issued pursuant to the Corporation's dividend reinvestment plan or employee benefit plans) to Persons other than the Corporation and its Affiliates; and (b) the Current Price of any Common Stock that the Corporation and its Affiliates have issued to Persons other than the Corporation and its Affiliates in connection with the conversion of any convertible or exchangeable securities, other than securities for which the Corporation or any of its Affiliates has received equity credit from any NRSRO, in each case since the most recent Measurement Date (without double counting proceeds received in any prior Measurement Period); plus

(ii) 100% of the aggregate amount of net cash proceeds received by the Corporation and its Affiliates since the most recent Measurement Date (without double counting proceeds received in any prior Measurement Period) from the sale of Mandatorily Convertible Preferred Stock, Debt Exchangeable for Common Equity and Debt Exchangeable for Preferred Equity to Persons other than the Corporation and its Affiliates; plus

(iii) 100% of the aggregate amount of net cash proceeds received by the Corporation and its Affiliates since the most recent Measurement Date (without double counting proceeds received in any prior Measurement Period) from the sale of Qualifying Capital Securities to Persons other than the Corporation and its Affiliates;

provided that any net cash proceeds raised by either of the Guarantors will only be counted for purposes of the foregoing if the proceeds so received have been contributed to the Corporation within the relevant Measurement Period. For the avoidance of doubt, the foregoing limitation shall not restrict the repayment or redemption of any Notes that the Corporation has previously defeased in accordance with this Replacement Capital Covenant.

SECTION 3. *Covered Debt.* (a) The Corporation represents and warrants that the Initial Covered Debt is Eligible Debt.

(b) On or during the 30-day period immediately preceding any Redesignation Date with respect to the Covered Debt then in effect, the Corporation shall identify the series of Eligible Debt that will become the Covered Debt on and after such Redesignation Date in accordance with the following procedures:

(i) the Corporation shall identify each series of its then outstanding long-term indebtedness for money borrowed that is Eligible Debt;

(ii) if only one series of the Corporation's then outstanding long-term indebtedness for money borrowed is Eligible Debt, such series shall become the Covered Debt commencing on the related Redesignation Date;

(iii) if the Corporation has more than one outstanding series of long-term indebtedness for money borrowed that is Eligible Debt, then the Corporation shall identify the series that has the latest occurring final maturity date as of the date the Corporation is applying the procedures in this Section 3(b) and such series shall become the Covered Debt on the next Redesignation Date;

(iv) the series of outstanding long-term indebtedness for money borrowed that is determined to be Covered Debt pursuant to this Section 3(b) shall be the Covered Debt for purposes of this Replacement Capital Covenant for the period commencing on the related Redesignation Date and continuing to but not including the Redesignation Date as of which a new series of outstanding long-term indebtedness is next determined to be the Covered Debt pursuant to the procedures set forth in this Section 3(b); and

(v) in connection with such identification of a new series of Covered Debt, the Corporation shall give the notice provided for in Section 3(c) within the time frame provided for in such section.

(c) *Notice.* In order to give effect to the intent of the Corporation described in Recital C, the Corporation covenants that (i) simultaneously with the execution of this Replacement Capital Covenant or as soon as practicable after the date hereof, it shall (A) give notice to the Holders of the Initial Covered Debt, in the manner provided in the Fiscal Agency Agreement, of this Replacement Capital Covenant and the rights granted to such Holders hereunder, (B) post a copy of this Replacement Capital Covenant on the Corporation's website (currently: www.libertymutual.com) (C) as promptly as practicable, cause a notice of the execution of this Replacement Capital Covenant to be posted on the Bloomberg screen for the Initial Covered Debt (available at Bloomberg screen 53079EAM6<CORP><DES><GO>) or any successor Bloomberg screen or similar vendor's screen the Corporation reasonably believes is appropriate (each an "*Investor Screen*"), and (D) cause a hyperlink to the execution copy of this Replacement Capital Covenant to be included on the Investor Screen for the Initial Covered Debt; (ii) if a series of the Corporation's long-term indebtedness for money borrowed (1) becomes Covered Debt or (2) ceases to be Covered Debt, it shall (A) give notice of such occurrence within 30 days to the holders of such long-term indebtedness for money borrowed in the manner provided for in the indenture, fiscal agency agreement or other instrument under which such long-term indebtedness for money borrowed was issued, (B) as promptly as practicable, post a notice of such change on the Corporation's website, (C) as promptly as practicable, cause a notice of such occurrence to be posted on the Investor Screen for the then-effective series of Covered Debt, and (D) in the case of any long-term indebtedness for money borrowed that has become Covered Debt, cause a hyperlink to the execution copy of this Replacement Capital Covenant to be included on the Investor Screen for such Covered Debt; (iii) at least once annually, it shall verify that the postings required in clauses (i)(B), (i)(C), (i)(D), (ii)(B), (ii)(C) and (ii)(D) are functional and accessible and, if necessary, cause such functionality and accessibility to be restored; (iv) if the Corporation or a Guarantor becomes and remains a reporting company under the Securities Exchange Act, the Corporation shall, or shall cause such Guarantor to, (A) file a copy of this Replacement Capital Covenant with the Commission as an exhibit to a Current Report on Form 8-K under the Securities Exchange Act, (B) include in each Annual Report on Form 10-K filed

with the Commission under the Securities Exchange Act a description of the covenant set forth in Section 2 and identify the series of long-term indebtedness for borrowed money that is Covered Debt as of the date such Form 10-K is filed with the Commission, and (C) if a series of the Corporation's long-term indebtedness for money borrowed (1) becomes Covered Debt or (2) ceases to be Covered Debt, report such change in a Current Report on Form 8-K, which must include or incorporate by reference this Replacement Capital Covenant, and in the Corporation's, or such Guarantor's, next Quarterly Report on Form 10-Q or Annual Report on Form 10-K, as applicable; and (v) promptly upon request by any Holder of Covered Debt, it shall provide such Holder with an executed copy of this Replacement Capital Covenant.

SECTION 4. *Termination, Amendment and Waiver.* (a) The obligations of the Corporation pursuant to this Replacement Capital Covenant shall remain in full force and effect with respect to the applicable Series until the earliest date (the "*RCC Termination Date*") to occur of (i) with respect to the Series A Notes, March 1, 2067 and, with respect to the Series B Notes, March 1, 2047, (ii) the date, if any, on which the Holders of a majority by principal amount of the then effective series of Covered Debt consent or agree in writing to the termination of this Replacement Capital Covenant and the obligations of the Corporation hereunder, and (iii) the date on which the Corporation has no series of outstanding Eligible Senior Debt or Eligible Subordinated Debt (in each case without giving effect to the rating requirement in clause (ii) of the definition of each such term). Moreover, if an event of default under the Indenture resulting in an acceleration of a Series occurs, the Corporation and the Guarantors shall not be required to comply with this Replacement Capital Covenant with respect to such Series at any time immediately following such acceleration. From and after the RCC Termination Date applicable to a Series, this Replacement Capital Covenant with respect to such Series shall be of no further force and effect and the Corporation shall not have any obligations hereunder with respect to such Series.

(b) This Replacement Capital Covenant may be amended or supplemented from time to time by a written instrument signed by the Corporation with the consent of the Holders of a majority by principal amount of the then-effective series of Covered Debt, provided that this Replacement Capital Covenant may be amended or supplemented from time to time by a written instrument signed only by the Corporation (and without the consent of the Holders of the then-effective series of Covered Debt) if any of the following apply (it being understood that any such amendment or supplement may fall into one or more of the following): (i) the effect of such amendment or supplement is solely to impose additional restrictions on, or to eliminate certain of, the types of securities qualifying as Replacement Capital Securities (which amendment or supplement, for the avoidance of doubt, may affect our obligations under this instrument with respect to one or both Series), and an officer of the Corporation has delivered to the Holders of the then-effective series of Covered Debt in the manner provided for in the indenture, fiscal agency agreement or other instrument with respect to such Covered Debt a written certificate to that effect, (ii) such amendment or supplement is not adverse to the rights of the Covered Debtholders hereunder and an officer of the Corporation has delivered to the Holders of the then-effective series of Covered Debt in the manner provided for in the indenture, fiscal agency agreement or other instrument with respect to such Covered Debt a written certificate stating that, in his or her determination, such amendment or supplement is not adverse to the Covered Debtholders, or (iii) such amendment or supplement eliminates Common Stock, Warrants, Mandatorily Convertible

Preferred Stock and/or Debt Exchangeable for Common Equity as Replacement Capital Securities if, in the case of this clause (iii), the Corporation has been advised in writing by a nationally recognized independent accounting firm that there is more than an insubstantial risk that the failure to do so would result in a reduction in the Corporation's earnings per share as calculated for financial reporting purposes.

(c) For purposes of Sections 4(a) and 4(b), the Holders whose consent or agreement is required to terminate, amend or supplement the obligations of the Corporation under this Replacement Capital Covenant shall be the Holders of the then-effective series of Covered Debt as of a record date established by the Corporation that is not more than 30 days prior to the date on which the Corporation proposes that such termination, amendment or supplement becomes effective.

For the avoidance of doubt, any amendment to this instrument may affect the terms of this instrument with respect to one or both Series.

SECTION 5. *Miscellaneous.* (a) This Replacement Capital Covenant shall be governed by and construed in accordance with the laws of the State of New York.

(b) This Replacement Capital Covenant shall be binding upon the Corporation and its successors and assigns and shall inure to the benefit of the Covered Debtholders as they exist from time to time (it being understood and agreed by the Corporation that any Person who is a Covered Debtholder at the time such Person acquires, holds or sells Covered Debt shall retain its status as a Covered Debtholder for so long as the series of long-term indebtedness for borrowed money owned by such Person is Covered Debt and, if such Person initiates a claim or proceeding to enforce its rights under this Replacement Capital Covenant after the Corporation has violated its covenants in Section 2 and before the series of long-term indebtedness for money borrowed held by such Person is no longer Covered Debt, such Person's rights under this Replacement Capital Covenant shall not terminate by reason of such series of long-term indebtedness for money borrowed no longer being Covered Debt).

(c) All demands, notices, requests and other communications to the Corporation under this Replacement Capital Covenant shall be deemed to have been duly given and made if in writing and (i) if served by personal delivery upon the Corporation, on the day so delivered (or, if such day is not a Business Day, the next succeeding Business Day), (ii) if delivered by registered post or certified mail, return receipt requested, or sent to the Corporation by a national or international courier service, on the date of receipt by the Corporation (or, if such date of receipt is not a Business Day, the next succeeding Business Day), or (iii) if sent by telecopier, on the day telecopied, or if not a Business Day, the next succeeding Business Day, provided that the telecopy is promptly confirmed by telephone confirmation thereof, and in each case to the Corporation at the address set forth below, or at such other address as the Corporation may thereafter notify to Covered Debtholders or post on its website as the address for notices under this Replacement Capital Covenant:

Definitions

“*Affiliate*” means, at any time, when used with reference to the Corporation, a Guarantor or any Subsidiary of the Corporation.

“*Alternative Payment Mechanism*” means, with respect to any securities or combination of securities (together in this definition, “*such securities*”), provisions in the related transaction documents requiring the Corporation and/or any Publicly Traded Guarantor to issue (or use commercially reasonable efforts to issue) one or more types of APM Qualifying Securities raising eligible proceeds at least equal to the deferred Distributions on such securities and requiring the Corporation to apply the proceeds to pay unpaid Distributions on such securities, commencing on the earlier of (x) the first Distribution Date after commencement of a deferral period on which the Corporation pays current Distributions on such securities and (y) the fifth anniversary of the commencement of such deferral period, and that

(a) define “eligible proceeds” to mean, for purposes of such Alternative Payment Mechanism, the net proceeds (after underwriters’ or placement agents’ fees, commissions or discounts and other expenses relating to the issuance or sale of the relevant securities, where applicable, and including the fair market value of property received by the Corporation or any of its Subsidiaries as consideration for such securities) that the Corporation and/or any Publicly Traded Guarantor has received and, in the case of a Publicly Traded Guarantor, contributed to the Corporation during the 180 days prior to the related Distribution Date from the issuance of APM Qualifying Securities, up to the Preferred Cap in the case of APM Qualifying Securities that are Qualifying Non-Cumulative Perpetual Preferred Stock or Mandatorily Convertible Preferred Stock;

(b) permit the Corporation to pay current Distributions on any Distribution Date out of any source of funds but (x) require the Corporation to use eligible proceeds to pay deferred Distributions and (y) prohibit the Corporation from paying deferred Distributions out of any source of funds other than eligible proceeds (other than following an acceleration of such securities or the occurrence of the final maturity thereof);

(c) if deferral of Distributions continues for more than one year, require the Corporation, the Guarantors and Subsidiaries not to redeem or repurchase any of the Guarantors’ or the Corporation’s capital stock or the Corporation’s securities that rank *pari passu* with or junior to the most senior issuable APM Qualifying Securities until at least one year after all deferred Distributions have been paid (a “*Share Repurchase Provision*”);

(d) limit the obligation of the Corporation and/or any Publicly Traded Guarantor to issue (or use commercially reasonable efforts to issue) APM Qualifying Securities to:

(i) in the case of APM Qualifying Securities that are Common Stock or Warrants, during the first five years of any deferral period, a number of shares of Common Stock or Warrants exercisable for a number of shares of Common Stock not in excess of 2% of the total number of issued and outstanding shares of Common Stock of such issuer (the “*Common Maximum Obligation*”); and

(ii) in the case of APM Qualifying Securities that are Qualifying Non-Cumulative Perpetual Preferred Stock or Mandatorily Convertible Preferred Stock, an amount from the issuance thereof pursuant to the related Alternative Payment Mechanism (including at any point in time from all prior issuances of Qualified Non-Cumulative Perpetual Preferred Stock and unconverted Mandatorily Convertible Preferred Stock pursuant to such Alternative Payment Mechanism) equal to 25% of the liquidation or principal amount of the securities that are the subject of the related Alternative Payment Mechanism (the “*Preferred Cap*”);

(e) for as long as the terms of the Corporation’s reorganization in 2001 require Liberty Mutual Holding Company Inc. or any other Guarantor to maintain beneficial direct or indirect ownership of at least 51% of the equity value of Liberty Mutual Insurance Company, Liberty Mutual Fire Insurance Company or Employers Insurance Company of Wausau, no term of any Alternative Payment Mechanism shall require the Corporation to issue shares of its Common Stock or Warrants exercisable for a number of shares of its Common Stock, or require any Guarantor to sell shares of the Corporation's Common Stock, to the extent such issuances and sales would, in the aggregate with all prior issuances by the Corporation or sales by any Guarantor of the Corporation’s Common Stock (whether pursuant to any Alternative Payment Mechanism or otherwise), exceed 49% of the Corporation's equity value; and

(f) in the case of securities other than non-cumulative perpetual preferred stock, include a Bankruptcy Claim Limitation Provision;

provided (and it being understood) that:

(a) the Alternative Payment Mechanism may in the discretion of the Corporation include a Share Cap (provided that such Share Cap shall not represent a lower proportion of the outstanding shares of Common Stock of the Corporation or a Publicly Traded Guarantor as of the date of issuance of such securities than the Share Cap for the Notes represents as a proportion of the Corporation’s or such publicly traded Guarantor’s outstanding shares of Common Stock as of the date of the Offering Memorandum);

(b) neither the Corporation nor any Publicly Traded Guarantor shall be obligated to issue (or use commercially reasonable efforts to issue) APM Qualifying Securities for so long as a Market Disruption Event has occurred and is continuing;

(c) if, due to a Market Disruption Event or otherwise, the Corporation and/or any Publicly Traded Guarantor is able to raise and the Corporation is able to apply some, but not all, of the eligible proceeds necessary to pay all deferred Distributions on any Distribution Date, the Corporation will apply any available eligible proceeds to pay accrued and unpaid Distributions on the applicable Distribution Date in chronological order subject to the Common Maximum Obligation, Preferred Cap and Share Cap, as and if applicable; and

(d) if the Corporation has outstanding more than one class or series of securities under which it is obligated to sell a type of APM Qualifying Securities and apply some part of the proceeds to the payment of deferred Distributions, then on any date and for any period the amount of net proceeds received by the Corporation and/or any Publicly Traded Guarantor from those sales and available for payment of deferred Distributions on such securities shall be applied to such securities on a *pro rata* basis up to the Common Maximum Obligation, Preferred Cap and Share Cap, as applicable, in proportion to the total amounts that are due on such securities.

“*APM Qualifying Securities*” means, with respect to an Alternative Payment Mechanism, one or more of the following (as designated in the transaction documents for the Qualifying Capital Securities that include an Alternative Payment Mechanism or Debt Exchangeable for Preferred Equity):

- (i) Common Stock or Warrants;
- (ii) Mandatorily Convertible Preferred Stock; and
- (iii) Qualifying Non-Cumulative Perpetual Preferred Stock, in each case of the Corporation and/or a Publicly Traded Guarantor;

provided that if the APM Qualifying Securities for any Alternative Payment Mechanism include both Common Stock and Warrants, such Alternative Payment Mechanism may permit, but need not require, the Corporation to issue Warrants, Qualifying Non-Cumulative Perpetual Preferred Stock or Mandatorily Convertible Preferred Stock; *provided* further that if such Alternative Payment Mechanism includes all of the securities included in (i) through (iii) above, such Alternative Payment Mechanism may allow for an amendment of the terms of such security to eliminate Common Stock, Warrants and Mandatorily Convertible Preferred Stock as APM Qualifying Securities if the Corporation has been advised in writing by a nationally recognized independent accounting firm that there is more than an insubstantial risk that the failure to do so would result in a reduction in the Corporation’s or any Guarantor’s earnings per share as calculated for financial reporting purposes.

“*Applicable Percentage*” means in the case of any Common Stock or Warrants, a percentage equivalent of one divided by (a) 75% with respect to any repayment,

“*Bankruptcy Claim Limitation Provision*” means, with respect to any securities or combination of securities that have an Alternative Payment Mechanism or a Mandatory Trigger Provision (together in this definition, “*such securities*”), provisions that, upon any liquidation, dissolution, winding up or reorganization or in connection with any insolvency, receivership or proceeding under any bankruptcy law with respect to the issuer, limit the claim of the holders of such securities to Distributions that accumulate during (A) any deferral period, in the case of securities that have an Alternative Payment Mechanism or (B) any period in which the issuer fails to satisfy one or more financial tests set forth in the terms of such securities or related transaction agreements, in the case of securities having a Mandatory Trigger Provision, to:

(i) in the case of securities having an Alternative Payment Mechanism or Mandatory Trigger Provision with respect to which the APM Qualifying Securities do not include Qualifying Non-Cumulative Perpetual Preferred Stock or Mandatorily Convertible Preferred Stock, 25% of the stated or principal amount of such securities then outstanding; and

(ii) in the case of any other securities, an amount not in excess of the sum of (x) the amount of accumulated and unpaid Distributions (including compounded amounts) that relate to the earliest two years of the portion of the deferral period for which Distributions have not been paid and (y) an amount equal to the excess, if any, of the Preferred Cap over the aggregate amount of net proceeds from the sale of Qualifying Non-Cumulative Perpetual Preferred Stock and unconverted Mandatorily Convertible Preferred Stock that the issuer has applied to pay such Distributions pursuant to the Alternative Payment Mechanism or the Mandatory Trigger Provision; *provided* that the holders of such securities are deemed to agree that, to the extent the remaining claim exceeds the amount set forth in subclause (x), the amount they receive in respect of such excess shall not exceed the amount they would have received had such claim ranked *pari passu* with the interests of the holders, if any, of Qualifying Non-Cumulative Perpetual Preferred Stock.

“*Business Day*” means any day, other than (i) a Saturday, Sunday or other day on which banking institutions in The City of New York are authorized or required by law or executive order to remain closed or (ii) with respect to either Series, on or after the Final Fixed Rate Interest Payment Date for such series a day that is not a day on which dealings in deposits in U.S. dollars are transacted in the London interbank market.

“*Covered Debtholder*” means each Person (whether a Holder or a beneficial owner holding through a participant in a clearing agency) that buys, holds or sells long-term indebtedness for money borrowed of the Corporation during the period that such long-term indebtedness for money borrowed is Covered Debt.

If such Common Stock is not listed on any U.S. securities exchange on the relevant date, the “current price” shall be the last quoted bid price for such Common Stock in the over-the-counter market on the relevant date as reported by the National Quotation Bureau or similar organization. If such Common Stock is not so quoted, the “current price” shall be the average of the mid-point of the last bid and ask prices for such Common Stock on the relevant date from each of at least three nationally recognized independent investment banking firms selected by the Corporation for this purpose. If such Common Stock is not so quoted, and if bid and ask prices for such Common Stock are not available, the “current price” shall be determined by the expert opinion of a nationally recognized independent investment banking firm selected by the Corporation’s Board of Directors for this purpose.

“*Debt Exchangeable for Common Equity*” means a security (or combination of securities (together in this definition “*such securities*”) that:

- gives the holder a beneficial interest in (i) the Corporation’s or the issuing Affiliate’s, as applicable, debt securities and (ii) a fractional

“*Debt Exchangeable for Preferred Equity*” means a security or combination of securities (together in this definition, “such securities”) that:

- gives the holder a beneficial interest in (a) the Corporation's or the issuing Affiliate's, as applicable, subordinated debt securities that include a provision requiring the Corporation or a publicly traded Guarantor to issue (or use commercially reasonable efforts to issue) one or more types of APM Qualifying Securities raising proceeds at least equal to the deferred distributions on such subordinated debt securities commencing not later than the second anniversary of the commencement of such deferral period and that are the Corporation's or such issuing Affiliate's most junior subordinated debt (or rank *pari passu* with the Corporation's or such issuing Affiliate's most junior subordinated debt) (in this definition, the Corporation's or such issuing Affiliate's “*Subordinated Debt*”) and

- provides that the investors directly or indirectly grant to the Corporation or the issuing Affiliate, as applicable, a security interest in such Subordinated Debt securities and their proceeds (including any substitute collateral permitted under the transaction documents) to secure the investors' direct or indirect obligation to purchase the Corporation's or such issuing Affiliate's Preferred Stock pursuant to such stock purchase contracts;
- includes a remarketing feature pursuant to which the Corporation's or the issuing Affiliate's, as applicable, Subordinated Debt is remarketed to new investors commencing not later than the first Distribution Date that is at least five years after the date of issuance of such securities or earlier in the event of an early settlement event based on (i) the dissolution of the issuer of such Debt Exchangeable for Preferred Equity or (ii) one or more financial tests set forth in the terms of the instrument governing such Debt Exchangeable for Preferred Equity;
- provides for the proceeds raised in the remarketing to be used to purchase the Corporation's or the issuing Affiliate's, as applicable, Preferred Stock under the stock purchase contracts and, if there has not been a successful remarketing by the first Distribution Date that is six years after the date of issuance of such securities, provides that the stock purchase contracts will be settled by the Corporation or such issuing Affiliate foreclosing on the Corporation's respective Subordinated Debt securities or other collateral directly or indirectly pledged by investors in the Debt Exchangeable for Preferred Equity;
- is accompanied by a replacement capital covenant substantially similar to this Replacement Capital Covenant or an Other Qualifying Capital Replacement Covenant that will apply to such securities and, if applicable, to the Corporation's or the issuing Affiliate's Preferred Stock, and will not include Debt Exchangeable for Preferred Equity as a replacement security; and
